For ultimate convenience

- Play MP3 and WMA music
- USB and SD card slots for photos, music and video clips
- Enjoy up to 3 hours playback with a built-in battery*
- AV-in connection for video sharing

PHILIPS
sense and simplicity

Highlights

Support DVB-T

Expand your entertainment experience and enjoy digital channel programs - for free. With DVB-T (Digital Video Broadcasting - Terrestrial), you can receive free digital TV and radio programs in Europe. The signal is kept digital without any analog steps in between, to preserve the highest quality.

Zero Bright Dot™ screen

Enjoy highest-quality images that are free from annoying blank spots on the LCD screen. LCD

displays commonly have imperfections, termed as 'bright dots' by the LCD industry. A limited number of bright dots were once considered an inevitable side effect of LCD mass production. With Philips' strict quality control procedures used in our Portable DVD Players, our LCD displays are produced with zero tolerance for bright dots. Select Portable DVD Players come with Philips Zero Bright Dot™ Policy to guarantee optimal screen quality.

Play DivX® and MPEG4 movies

With DivX support, you are able to enjoy DivX-encoded videos in the comfort of your living room. The DivX media format is an MPEG4-based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW, memory cards and DVD-video. DivX CDs can be played back on selected DVD players, DVD recorders and home theater systems.

Specifications

Picture/Display

- Display screen type: LCD TFT
- LCD panel type: Anti-glare polarizer
- Diagonal screen size (inch): 10.2 inch
- Resolution: 800(W)×480(H)×3(RGB)
- Brightness: 200 cd/m²
- Contrast ratio (typical): 250:1
- Effective viewing area: 222.0X133.2mm
- Pixel pitch: 0.1905(W)×0.1905(H) mm
- Response time (typical): 30 ms

Sound

- Output Power: 2W RMS(built-in speakers)
- Output power (RMS): 10mW RMS(earphone)
- Signal to noise ratio: >76dB(earphone), >62dB(built-in speakers)
