# Highlights

## Soothing sounds and projecting images

The Magic Theatre creates a comforting wonderland in your baby's bedroom. By producing soothing sounds and projecting images on a ceiling or wall you can help your baby gently fall asleep.

## 3 soothing sounds

Natural sounds like the sea, a heartbeat and running water are both reassuring and sleep-inducing for your baby. Choose the sound that is most comforting for your baby.

## Rotating images

The relaxing movement of the projected images help your child fall asleep while stimulating visual development.

## Create your own slides

Add a fun dimension to fairy tales and nursery rhymes, and stimulate your child's creativity by creating your own slides with a waterproof pen and the blanks provided.

## Complies with toys standard

The products that comply to the toys standard have been thoroughly tested to ensure they meet these norms and are totally safe.
