- **Frequency response:** 8 - 24 000 Hz
- **Impedance:** 16 Ohm
- **Magnet type:** Neodymium
- **Maximum power input:** 50 mW
- **Sensitivity:** 108 dB
- **Speaker diameter:** 15 mm
- **Type:** Dynamic
- **Voice coil:** CCAW

Connectivity

- **Cable Connection:** Two parallel, asymmetric
- **Cable length:** 1.2 m
- **Connector:** 3.5 mm stereo
- **Finishing of connector:** 24k gold plated
- **Type of cable:** OFC

Convenience

- Volume control

Accessories

- Carrying case

Product highlights

24k Gold-plated plug

Rest assured that the precious metal gold finishing on the plug will give you a more reliable connection for better quality audio.

CCAW voice coil

By using top-quality Copper Cladded Aluminium Wire (CCAW) in the headphone driver's voice coil, the sound quality is considerably improved.

Neodymium magnet

Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and higher overall sound quality.

Turbo Bass

The unique bass wave design 'turbo-charges' the low tones by directing them towards your ears. The result is a fantastic realistic and a more involved experience.

15 mm speaker driver

Small enough for optimum wearing comfort and big enough to deliver crisp, non-distorted sound, the 15 mm speaker driver is an ideal size for listening enjoyment.

Asymmetric cabling system

This simple yet highly effective solution to cable tangling works effectively by enabling you to hang the cable behind your neck instead of under your chin.

1.2 meter cable

The ideal cable length to give you the freedom to put your audio device where you want.

Carrying Case

This case is the most convenient way to look after your headphones and prevent cable tangling when not in use.

Flexi-Grip design

A soft, flexible part protects the cable connection from damage that otherwise would occur due to repeated bending.

In-line volume control

Adjust the volume to your preferred level without having to go to the audio source unit.
