

Philips
In-Ear Headphones

SHE9501

Premium sound

Three cap sizes for optimal fit

In-ear headphones for pure, premium sound. Ultra-small speakers and a choice of 3 cap sizes deliver the sound closer to the ear while also creating a perfect in-ear seal that blocks external noise. Choice of cap size also ensures comfortable fit.

Music to your ears

- Perfect in-ear seal blocks out external noise
- Neodymium magnet enhances bass performance and sensitivity
- 24 k gold-plated plug ensures an ultra-reliable connection

Made to fit you and your lifestyle

- Three interchangeable rubber ear caps for optimal fit in all ears
- Super soft rubber caps for sensational comfort
- Ergonomically shaped headphone enhances user comfort
- Asymmetric cable keeps the cable out the way

Always ready to go

- Carry case protects your headphones when not in use
- Durable Flexi-Grip makes a strong flexible connection
- Split cable enables convenient remote control connection
- A 1.2 m long cable that is ideal for outdoor use

PHILIPS
sense and simplicity

- Gross weight: 0.572 kg
- Inner carton (L x W x H): 23.3 x 18.5 x 11.3 cm
- Net weight: 0.132 kg
- Tare weight: 0.44 kg

Outer Box

- Gross weight: 9.92 kg
- Outer carton (L x W x H): 47.7 x 40 x 48 cm
- Net weight: 2.112 kg
- Tare weight: 7.808 kg

Packaging dimensions

- Packaging dimensions (W x H x D): 10 x 22 x 3 cm
- Gross weight: 0.069 kg
- Net weight: 0.022 kg
- Tare weight: 0.047 kg

Highlights

Perfect in-ear seal

The super-small 10 mm speaker drivers fit comfortably inside the ear and, thanks to the exceptionally snug fit, outside noise is sealed out for a high-intensity listening experience.

Neodymium magnet

Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and higher overall sound quality.

24 k Gold-plated plug

You can rest assured that the precious metal gold finishing on the plug will give you a more reliable connection for better quality audio.

For optimal fit in all ears

With a choice of three interchangeable ear caps from size small to large, surely there is a pair that fits your ear perfectly.

Super soft rubber caps

The ultra-soft rubber material on the rubber caps is sensationally soft to the touch and adapts effortlessly to your ear. In-ear headphones have never been this comfortable.

Comfort fit

This headphone is designed around the shape of your ear for extra comfort and more enjoyment during longer periods of listening.

Asymmetric cabling system

This simple yet highly effective solution to cable tangling works effectively by enabling you to hang the cable behind your neck instead of under your chin.

Carry case

This case is the most convenient way to look after your headphones and prevent the cable tangling when not in use.

Flexi-Grip design

A soft, flexible part protects the cable connection from damage that otherwise would occur due to repeated bending.

Split cable

This standard cable has a 3.5 mm socket on one end and a 3.5 mm plug on the other for extending your freedom of movement with headphones.

1.2 metre cable

The ideal cable length to give you the freedom to put your audio device where you want.
