Highlights

A-class on hard floors

This product achieves the highest cleaning performance class on hard floors. 100% of dust is picked up!

PowerCyclone 7

The aerodynamic design of PowerCyclone 7 minimizes air resistance and ensures exceptional cleaning performance through 3 highly efficient steps: 1) Air enters fast into the PowerCyclone thanks to the straight and smooth air inlet. 2) The curved airpass quickly accelerates the air upwards in the cyclonic chamber. 3) At the top of the cyclone, the exit blades effectively cut out the dust from the air.

TriActiveMax nozzle

TriActiveMax nozzle perfectly seals to the floor and performs 3 actions in one go to thoroughly clean your floors: 1)A sepcially designed sole plate gently opens the carpet and removes the dust from deep down. 2)Larger front opening pick up bigger particles. 3)Side brushes ensure perfect cleaning along the plinths.

SuperTurbo Brush

Super TurboBrush perfectly removes pet hair from carpets.

Ultra Clean Air HEPA 13 filter

The Ultra Clean Air HEPA 13 filter captures at least 99.95% of all dust, ensuring a clean & allergen-free environment.

NanoClean Technology

The new innovative technology is especially developed to prevent the usual dust cloud. The new innovative technology is especially developed to prevent the usual dust cloud. The dust settles at the bottom of the dust bucket rather than staying in the air. When the bucket is opened there is no usual dust cloud.

Extra Ergonomic Dust Bucket

The side of the bucket has a specially designed spout-like shape. This enables to empty the bucket in a controlled manner without spilling the dust.

Extra long reach

Our long reach tool helps you clean high shelves or cupboard tops, with an adjustable brush for precision performance.
